請描述擬討論之議題

The sharing economy creates markets that enable the exchange of goods and the emergence of new services, resulting in potentially higher levels of economic activity. Several business models of sharing economy reveal conflicts within the jurisdictional regulatory framework. It brings an opportunity for policymakers to rethink and reinvent regulations for the best interest of respective stakeholders.

The workshop would like to discuss the potential opportunities of the sharing economy and elaborate its impact and evolution from broader perspectives.

預期時間

90分鐘 (建議)

預計與談人 (建議 3~5人)
